

Save the Titanic™

In this extraordinary award-winning 121-day voyage, your team assumes the roles of the senior officers during the fateful maiden voyage of the RMS Titanic.

Days before the cruise the officers get briefed on key learning points giving them the capability to handle any situation.

On the day of the experience, your officers get tested. Will their commitment to results save lives before the ship goes down?

Mirroring decision making in the real world, Save the Titanic's™ immersion causes true behavior to surface and get altered.

After the live experience, your leaders and teams get support sustaining their altered behaviors. Participants amplify the impact on the business by applying their new tools and implementing their actions and insights. This is how the real journey and value begin.

Your participants altered behaviors get supported with practice to become strong and effective team members and leaders contributing to business goals.

Accountability partners and results tracking develops leaders and teams any company would be proud to have.

- Lead in inventive ways.
- Use practical techniques to improve collaboration.
- Communicate together in a way that promotes listening, clarity and effectiveness.
- Overcome obstacles that limit your team's performance.
- Pre and Post experiences reinforce behavior.
- A 121-day experience with ROI measurement and impact.

The Power of Human Potential

We Deliver Results

At Learn2, our mission is simple: we change the way the world works.

We deliver transformational journeys that inspire, sustain and amplify the desired results in your organization. Our experience has consistently proven that creating engaging environments, followed by system driven reinforcement and accountability, delivers exponential business impact.

Our programs focus on altering behaviors, not with a single event, supported with a 121-day journey that proves return on investment.

- **Interpersonal Skills** such as connection, communication, understanding, collaboration, appreciation, and empathy.
- **Leadership Skills** such as team development, problem solving, handling resistance, coaching, giving feedback, performance management, sharing best practices, recognizing and rewarding success.
- **Sales and Customer Service Skills** such as engaging clients, exploring needs, making presentations, overcoming objections, and dealing with competition.

Each of our programs are designed with you and your business goals in mind. Our focus is on your team's unique challenges and desired results.

No matter what your business challenge, we're ready to help. Talk with us today!

Have an Impact

There are three letters rarely used in the same sentence as "training budget". Those letters are ROI. And we ask, why not?

What if training delivered a true Return on Investment that was measurable and sustainable?

What if you could track the impact of learning by your teams?

What if you could capture the ideas that naturally flourish at a live event, and transform those ideas into action?

That's where Impact Compass™ comes into the picture. It's an exclusive Learn2 tool that will prove what you believe about development.

Talk to us today about the difference Impact Compass™ and our Transformational Journeys will have on your business results.
